Disclaimer:

This document contains the catchment areas and feeder patterns for Trenton Public Schools. It is intended to be a guide for parents and guardians to identify their child's designated "home school." Students are to enroll in the home school which serves the legal residence of the parent or legal guardian.

School enrollment relies on many factors. In the event of a school filling to capacity, students will be overflowed to a school which has space available. Special Education and Bilingual/ESL programs are only offered at specific schools. If your child meets the requirements for a program that is not offered at your home school, they will be placed at the appropriate school offering those program(s). Catchment/boundary areas as well as feeder patterns are subject to change to reflect changing neighborhood demographics and school configurations.

Please do not make a decision to move or to purchase or rent a residence based on this document.
